SUPPLEMENTARY INFORMATION:

A. Purpose

Federal agencies use the Standard Form (SF) 330 to obtain information from architect-engineer (A-E) firms about their professional qualifications. Federal agencies select firms for A-E contracts on the basis of professional qualifications as required by 40 U.S.C. Chapter 11, Selection of Architects Engineers, and Part 36 of the Federal Acquisition Regulation (FAR).

SF 330, Part I is used by all Executive agencies to obtain information from architect-engineer firms interested in a particular project. The information on the form is reviewed by a selection panel to assist in the selection of the most qualified architect-engineer firm to perform the specific project. The form is designed to provide a uniform method for architect-engineer firms to submit information on experience, personnel, and capabilities of the architect-engineer firm to perform, along with information on the consultants they expect to collaborate with on the specific project.

SF 330, Part II is used by all Executive agencies to obtain general uniform information about a firm's experience in architect-engineering projects. Architect-engineer firms are encouraged to update the form annually. The information obtained on this form is used to determine if a firm should be solicited for architect-engineer projects.

B. Annual Reporting Burden

Respondents: 5,000.

Responses Per Respondent: 4.

Total Responses: 20,000.

Hours Per Response: 29.

Total Burden Hours: 580,000.

C. Public Comments

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FAR, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond,

through the use of appropriate technological collection techniques or other forms of information technology.

OBTAINING COPIES OF PROPOSALS: Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat Division (MVCB), 1800 F Street, NW, Washington, DC 20405. Please cite OMB Control No. 9000-0157, Architect-Engineer Qualifications (SF 330), in all correspondence.

Dated: June 27, 2014.
